

Student ePortfolios

The ePortfolio is a personal website to organize, showcase, and reflect on academic coursework, co-curricular involvement, and internships and employment. It allows you to upload work samples, solicit professional recommendations, and link to social media profiles.

ePortfolio Overview

The ePortfolio is more in-depth than a resume and enables you to differentiate yourself with a ready-to-use personal website. It is composed of six sections that each contain privacy options to let you control what information is shared publicly. Contents of the ePortfolio may also be downloaded as a PDF copy to email, save, or print out.

Biography	Provide a quick summary about yourself, your qualifications, and aspirations
Involvement	Showcase your involvement on campus and within the community
Academics	Highlight your GPA, coursework, majors/minors, and honors
Employment	Share your employment history and highlight your professional experiences
Documents	Upload files and images to provide samples of your best work
Recommendations	Publish recommendations from professors and employers

Why Use ePortfolios?

OrgSync’s ePortfolios are being used for counseling and advising students, enhancing student career search opportunities, tracking student growth and development, and much more.

SIX REASONS TO USE ORGSYNC’S EPORTFOLIO

Track personal development throughout your education

Market yourself to employers during your career search

Enhance your applications for graduate schools and scholarships

Collaborate with professors and advisors to reflect on experiences

Collect and categorize projects and artifacts

Maintain a professional online presence

“The ePortfolio is such a great addition to an already great product, and the ability to provide our students with a tool to track and reflect on their experiences is invaluable.”

Angie Bong

University of Wisconsin-Eau Claire
